

Confidentiality

Making sure that information is only available to those who are authorized to have access. As a worker (CG) you will find out information that should not be shared with your family, friends, co-workers.

Ex. Do not talk about other clients while in the presence of your current client, family member or anyone.

HIPAA

Health Insurance Portability & Accountability Act: A federal law that requires the creation of National Standards to protect sensitive information from being disclosed without the patient's consent or knowledge.
